

Dear Guest / New Member

Thank you for your interest in Tundra Talkers Toastmasters of Fairbanks, Alaska.

Toastmasters International is a nonprofit educational organization that teaches public speaking and leadership skills through a worldwide network of clubs.

In our meetings, we strive to provide a positive and supportive learning experience in which members develop communication and leadership skills, resulting in greater self-confidence and personal growth. We welcome guests at our meetings.

Your Toastmasters Journey

When you become a Toastmaster, you begin a journey of personal and professional development. As a club member, you are free to explore the [Toastmasters.org](https://www.toastmasters.org) program at your own pace. New members are mentored by an experienced Toastmaster.

Some people want to overcome the nervousness and fear that comes with first-time speaking. Others want to give better presentations in their professional work. Whatever your personal or professional development goals may be, we will strive to help you achieve them.

Furthermore, Toastmasters isn't only about speaking. You will also actively participate in a variety of roles during meetings that help you develop leadership skills and strengthen your personal relationships with other members.
